Dear Parents / Carers,

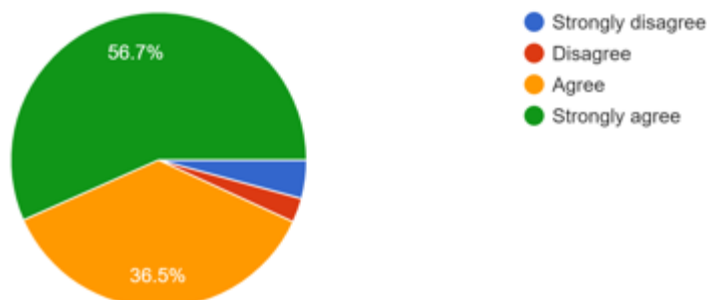

## COVID19 - Traffic Calming Measures

We thank you for the overwhelming response and feedback in the measures that have been put in on traffic calming measures in order to support students pickup and drop off during Covid19.

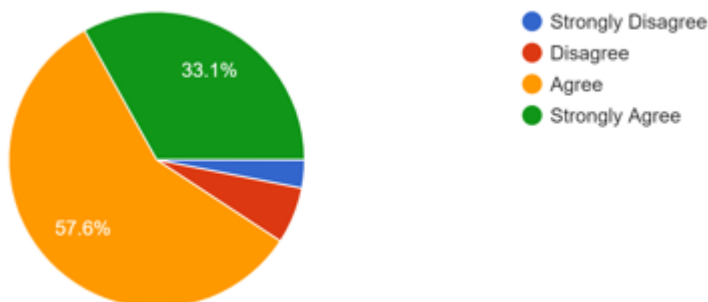

Having analysed the information it is clear that the measures that GNSA & NPS have put in place to ensure the safety of children are seen as effective and a positive step for the community, parents, students and local businesses.

You will see from the charts below the following data obtained from the survey with a total of 713 responses where a vast majority of parents who like the school want ALL parents to drive safely on dropoff and pickup.

- I believe that having members of staff outside the school directing the traffic has helped with the pickup and drop off times for my child:

- The measures (zebra crossing, roundabout) put in by Hillingdon has been effective:

- My child is safe on pickup & drop off:

Text response feedback has shown various matters raised that are out of the schools control but more related to Hillingdon highways. We are however going to be sharing all the results with the Hillingdon Youth Travel Ambassadors, Hillingdon Council and the Community Liaison Officer.

We will ensure that we do everything we can to keep children and the community safe and we thank you for your continued support and understanding on this matter.

Yours sincerely,

Mr A. Ahmed  
Head of Business & Operations
